**A Brief Abstract of the Event (Maximum 500 Words):**

Awareness cum training program organized for farmers on “Organic Farming” on 7<sup>th</sup> and 8<sup>th</sup> June 2017 at Gram Panchayat Rigwar or Kota Block, Bilaspur, C.G. In this program 45 farmers from all adopted gram panchayats Pudu, Umariadadar, Rigwar and Tendubhata participated and benefitted.

Sub Divisional Agriculture Officer Shri Kaushik addressed the participants on the soil health cards and soil sample collection methods. Dr. K. K. Chandra, Associate Professor and Nodal Officer, Unnat Bharat Abhiyan, GGV, Department of Forestry highlighted the soil degradation in respect to high use of fertilizers and pesticides. Dr. Chandra also focused on potential of organic farmers and its need at present and future agriculture Dr. S. K. Sahi, Department of Botany demonstrated the use of *Trichoderma* and *Pesudomonas* microbes for soil health management and conservation of soil for higher production and sustainable agriculture. Dr. D. K. Patel of Botany Department GGV advised farmers for Integrated Nutrient management of paddy and other crops. Agriculture extension officer also suggested and guided farmers for soil health cards and government subsidy on agriculture implements. Farmers were motivated for commercial cultivation of high income crops using recently developed technologies.
