A Brief Abstract of the Event (Maximum 500 Words):

To provide livelihood skill and additional income to the rural women and self help groups in adopted villages, training program was organized on 5-11-2021 at Pudu gram panchayat for 50 self-help women group. In this program, Paddy straw mushroom and dhingari mushroom production techniques were demonstrated by involving women participants. Dr. S. K. Sahi, Department of Botany, GGV addressed on the mushroom types and cultivation technologies. He also mentioned the successful farmers and women groups of India who is growing mushroom on commercial scale and earning income from the enterprise. Dr. D. K. Patel, department of Botany demonstrated about the mixing of substrate, bag filling and span/culture mixing methods. All the participants prepared mushroom cultivation mixer and filled in bags after proper treatment and culturing. All UBA team and participants visited Khumhadakhhol village and participants houses for creating mushroom units for on house help and suggestions.

Figure2: Visit of demonstration site of mushroom production by expert and UBA team members and suggested for betterment and higher production.
