JUNIOR SCIENTIST OF THE YEAR 2019 AWARD

upon

Dr. Atul Kumar Bharadwaj

*Dept. of Forestry, Wildlife & Environmental Sciences
Guru Ghasidas University
Bilaspur, Chhattisgarh, India*

with all the rights and privileges appertaining thereto.

Given on the occasion of

6th International Conference on Environment and Ecology
held on 24-25-26 February 2020

at University of Allahabad, Prayagraj, Uttar Pradesh, India.

This award has been instituted for a selected few accomplished persons enabling them to guide the human race living in a historic transitional period of burgeoning awareness of the conflict between human activities and environmental constraints, preparing to venture into a new millennium and to finally help save the fragile and endangered planet with the natural resources already overtaxed. The recipient of this award will also help in developing a neological and neocratic approach to environmental education for reducing the toll that the World citizenry exact in supporting daily life and the ever growing problems and exerting profound pressures on the Mother Earth.
