

## Forest visit and Training Program

The B.Sc. Forestry students of the department of forestry, wildlife and environmental sciences visited forest department of under training program during 20-4-2023 to 30-04-2023. The aims of the training and field attachment program was to create deep understanding of the students on different forestry operations, forest nursery, plantations, evaluation of forest wood depot and wildlife protected areas.

During this trainings students visited different places and learned the different activities of the forest such as habitat conservation, zoo management, wildlife tiger reserve and plantations, etc.
