

• Creating less paper or Digital Campuses to avoid use of paper •

Date: 12.05.2023

With the motive of saving nature, conserving environment and trees, the students of Guru Ghasidas Vishwavidyalaya gave the message of less use of paper and digital campus. Students informed that the environmental effects of paper production include deforestation, the use of enormous amount of energy and water as well as air pollution and waste problems. Through an awareness rally, the students plead for the reduction in the consumption of the paper in the University. The students emphasized the digitalization of the campus to cut down the use of paper for environmental sustainability.
