Be TB free

1 At Risk?
You can become infected by breathing air that has tuberculosis (TB) germs. If you have lived in another country or have been around someone who is sick with TB, then you are at risk for being infected with TB germs. Ask your doctor about getting tested for TB.

2 Get Tested
If you do not feel sick, you may still have latent (or "hidden") TB. A simple blood test will tell you if you have TB germs in your body.

3 Take Meds
Take the prescribed medicine to protect yourself and your loved ones from getting TB. Without treatment, you are at risk of developing TB disease, a serious illness that could be spread to your family, friends and community.

Details of Event Proceedings

Date (DD-MM-YYYY)	Details of the Session	Details of Resource Person	Number of Participants
24-03-2023	2022-2023	Dr. S. C. Tiwari Dean, School Of Natural Resources Bilaspur (CG)	95

A Brief Abstract of the Event (Maximum 400 words)

The Ministry of Health and Family Welfare under the counsel of the Hon'ble Prime Minister has extended efforts to end the spread of TB by 2025. Combined efforts from the ministries and the educational institutes over the country shall help in the timely diagnosis and treatment of TB and thus achieve the goals set by the ministry. Conduction of awareness programs shall reduce the stigma associated with the diagnosis, prevention, treatment and social protection for TB infected patients.

Guru Ghasidas Vishwavidyalaya, Bilaspur organized a health awareness rally **on the occasion of world TB Day under Goal of End TB -2025**, programme under the Ministry of Health and Family Welfare, Govt of India for Universities students and staff. **Professor S.C.Tiwari Dean School of Natural resources GGV Bilaspur (CG)** had given his valuable time for flagging off the rally, which started at 11.30AM on 24.03.2023. The theme of rally was "Han Ham TB ko khatm kar sakte hai" and awareness generation, infection control, prevention, care and treatment of TB. The Teachers, students and staff of Department of Pharmacy and Department of forensic sciences joined the programme;

During this programme, the rally passed through different departments, administrative building to Param Pujya Guru Ghasidas Babaji statue with different slogan for control and prevention of spread of Tuberculosis like: - 1. Yog aur dhyan apnana hai TB door bhagana hai, 2. Jan Jan ka ho ek hi nara, TB Mukht ho desh hamara, 3.TB se ladna hai , hame swashthya rahna hai. The students from the D.Pharm B. Pharm M. Pharm, PhD Courses, Faculty Members and Staff Members participated in the rally. We extend warm thanks to Hon'ble VC Sir, Hon'ble Registrar Sir and administration of GGV for their support and motivation.
