Plantation Report

One plantation program was organized on 12.02.2019 at Govt. high school Lagra. In this program 40 students of B.Sc. Forestry 8th semester participated to aware rural students on plantation techniques and its conservation. During the program 50 saplings of forestry species namely Aonla, Neem, Mango and Maulshree etc were planted in school campus. In this program Dr. S.C. Tiwari, Associate Professor and Head Dept. of Forestry, Wildlife and Environmental Sciences and Dr. K.K. Chandra, Associate Professor, Dept. of Forestry motivated students and other participants regarding plant care and environmental protection. Slogan writing and Essay writing competition were also organized for high school students on climate change and environmental conservation. B.Sc. Forestry students were attached to Lagra village for socio economic survey as a part of their curriculum. These students demonstrated the planting of different forest species among rural students and other participants.

Prof K.K. Chandra and Prof S.C. Tiwari addressing the school students
