## ABOUT GRAND ONION CHALLENGE

### **Problem Statement:**

The Guru Ghasidas Vishwavidyalaya, Bilaspur will be participating in the "Grand Onion Challenge" under the academic leadership of Prof. Alok Kumar Chakrawal, Honorable Vice Chancellor. The grand onion challenge invites proposal for developing Technologies about Primary Processing, Storage and Valorization of Onions to reduce the preharvesting and post harvesting losses

The comprehensive solution for the grand challenge should focus on the following:

Vertical 1: Improvements in the designs of storage structures

Vertical 2: Pre-harvesting & Post-harvesting stage losses

Vertical 3: Primary Processing

Vertical 4: Valorization: Value addition and utilization of unconsumed and excess onions

### About Rewards

40 novel ideas will be shortlisted for the prize money. Shortlisted ideas will be given funding to translate ideas into products

# The Grand Onion Challenge

The Ministry of Consumer Affairs (MoCA) announces to develop 'Technologies for Primary Processing, Storage and Valorization of Onions

*Last Date for registration of ideas  
20th October 2022*
