The review reports of various Cells/Nodal officers appointed by university for speedy implementation were discussed and it was resolved that all nodal officers should be requested to submit the following information by 12th January, 2018.

1. The Objective of the cell
2. Work done so far and the future plan the next session including the scheme of implementation to achieve the intended target.

The chairperson and HVC Prof. Anjila Gupta directed to convene the meeting of coordinators of cells and nodal officers preferably by 17Jan-18Jan. The members also deliberated upon the targets set by the university for 2018-19 as per tri-partite MOU between Guru Ghasidas Vishwavidyalaya, Department of Higher Education MHRD and UGC, according the followings were resolved.

1. A meeting between Central Training and Placement Cell with IQAC will be convened by director IQAC as per the direction of HVC.
2. A meeting of all Deans shall be convened along with the faculty members who have under taken sponsored projects with HVC so as to discuss the plans for removing the difficulty in project implementation.
3. It was also resolved that Prof. V.D. Rangari shall organize a one-day workshop for patent filling process and identify the faculty/ Department as potential sources for new patents filling. It was also suggested that CCOST experts may be invited for the said work shop.
4. It was resolved that meeting with Librarian be convened by IT Cell.
5. The Committee was informed about the efforts of university in implementing CBCS system. It was resolved that all academic matters be submitted to IQAC before placing them to statutory

cells were asked to prepare the roadmap for their cells and a meeting was conducted.

Director (IQAC) was appointed as coordinator to monitor the working of all coordinators to improve the functioning and coordination among various cells.

Meeting between IQAC and Placement Cell was conducted. Placement Cell was asked to make necessary arrangement for speeding up activities. Committees were formed to visit industrial units for better Industry Institute Interactions.

Deans' meeting recommended the separate project cell for smoothening the project implementations

Prof. V.D. Rangari organized the workshop on IPR & patent regime.

CBCS Scheme implementation was discussed in IQAC & recommend for approval.

Future plans of the University in short term, mid- term & long term was prepared

Director
