AR-7351
B.Lib.I.Sc. (Second Semester) Examination, 2013
Information Technology: Basic Application(Theory)
Paper: IX
Time Allowed: Three Hours
Maximum Marks: 60

Name of Teacher: Ashwani Kumar
Mob.No.-9617481969
E-mail: ashbds.amb@gmail.com

Question 1: Objective Question

I.	(a)	VI.	(a)
II.	(a)	VII.	Small Scale Integrated
III.	(b)	VIII.	(c)
IV.	(c)	IX.	(b)
V.	(a)	X.	(a)

Q 2:

- Suitable Introduction
- History of the use of computer in Library
- Affected use of Library
- Affected Sections/area of the library
- Requirement of Library staff training
- Requirement of the awareness programs
  - ✓ Awareness programs to the user
- Advantages of Computerized Library
- Conclusion

- **Q 3:**
  - Introduction of Computer
  - Origin of Computer
  - Parts of the Computer
  - Block diagram of the computer indicating their parts
  - Brief explanation about major parts
  - Functioning of internal parts
  - An Overview

Q 4-
- Introduction
- Information Storage software
- Necessity of Software in Library

- Requirement of Hardware and Software
- Training for the specific type of software
- Impact of Information Storage Software on Library operation

Q 5-
- Suitable introduction of Library Automation Software
- List of Library automation software packages
- Indian Library automation software
  - ✓ List of s/w with brief explanation
- Salient feature of any one Indian made library automation software
- Conclusion and Suggestion

Q 6-
- Introduction
- Concept of Computer based Information Services
- Requirement of Hardware and software to provide computerized information
- Computerized Information Services with brief explanation
- Effect of computerized Information services on services and users.
- Effect of computerized Information services on users.
- Conclusion

Q 7-
- Introduction
- Historical background of Internet
- Today's Internet
- Requirement of Hardware and software
- Connection of Internet
- How Internet works
- Impact of Internet on Higher education and Library user
- Merits of Internet
- Conclusion

Q 8-
- Introduction
- Concept of computerized Library
- Necessity of computer in Library
- Required Training for computerized library
- Affected sections of library through use of computer
- Management of Library using computer
  - ✓ Area /section of management in library
  - ✓ Work of modules of software
- Impact of traditional services
- Conclusion

Q 9-
- Introduction
- Origin of World Wide Web

- Concept of WWW
- Use of World Wide Web
- Required Software for WWW
- Services of WWW
- Characteristics of WWW
- Benefits of World Wide Web
- Conclusion

******
