A Ten Days Research Methodology Course for Ph.D. Students in Social Sciences

(1st – 11th March, 2017)

Sponsored by

**Indian Council of Social Science
Research (ICSSR),
New Delhi**

Organized by

**Department of Economics
Guru Ghasidas Vishwavidyalaya
Bilaspur (Chhattisgarh)**

About GGV

Named after **Guru Ghasidas**, a sixteenth century Satnami saint, Guru Ghasidas Vishwavidyalaya was established in 1983. The University was upgraded as a Central University under the Central Universities Act, 2009.

It is located on the outskirts of the city of Bilaspur, and houses the headquarters of South East Central Railways and South Eastern Coalfields Limited. The university campus is spread over 656 acres of land. Nature has bestowed the campus with unmatched beauty, immaculate blend of green areas and water bodies. The University offers opportunities to young minds and facilitates the accomplishment of their creative talent with emphasis on character building through various streams of knowledge.

The University has taken extensive steps to transform both teaching and learning process in order to meet contemporary global standards.

To face challenges posed by the process of development, the university community is all set to contribute to the larger society through quality research and development in the various areas

The University is on the path of realizing twin goals envisioned by the National Knowledge Commission; “of making higher education more relevant to the needs and opportunities of a knowledge society” and “to make higher education more accessible to all sections of the society.”

About the Workshop

The workshop aims at fulfilling the following objectives:

- To acquaint the participants with the philosophy of research.
- To enable the participants to know the specificities of research process and to select an appropriate research design.
- To acquaint the participants with sampling techniques and enable them to choose an appropriate one for their research.
- To enable the participants to use an appropriate technique for graphical representation of their research data.
- To comprehend appropriateness of statistical software packages (SPSS) for analyzing research data.
- To acquaint the participants with the basics of report writing.

Eligibility to participate

All those, pursuing their doctoral work, college or university teachers, or members of recognized research institutions of any branch of Social Sciences are invited for this training workshop. The candidates will be selected on **first come first serve basis**. Participants belonging to **C.G. & M.P. state** will be given preference.
