Submission of abstracts : upto 31st March, 2015
Seminar : 10-11 April, 2015

SEMINAR VENUE

Inauguration : Rajat Jayanti Sabhagar GGV, Bilaspur
Plenary Lectures : E-Classroom, Institute of Technology,
GGV, Bilaspur

Guru Ghasidas Vishwavidyalaya

Guru Ghasidas Vishwavidyalaya, is a Central University of India, located in Bilaspur C.G. State, established under Central Universities Act 2009, No. 25 of 2009. Formerly called Guru Ghasidas University (GGU), established by an Act of the State Legislative Assembly, was formally inaugurated on June 16, 1983. GGU is an active member of the Association of Indian Universities and Association of Commonwealth Universities. Situated in a socially and economically challenged area, the university is appropriately named to honor the great Satnami Saint Guru Ghasidas (born in 17th century), who championed the cause of the downtrodden and waged a relentless struggle against all forms of social evils and injustice prevailing in the society. The University is a residential cum affiliating institution, having its jurisdiction spread over Bilaspur Revenue Division of the state of Chhattisgarh.

About Institute

The S.L.T. Institute of Pharmaceutical Sciences was established in 1997 with an objective to develop professionally competent manpower in the field of Pharmaceutical sciences. D. Pharm., B. Pharm., M. Pharm. and Ph.D. courses are run by the Institute. Institute is duly approved by All India Council of Technical Education, New Delhi and Pharmacy Council of India, New Delhi. It is imparting quality education with the help of well qualified members and state of the art laboratories having sophisticated instruments. The department is equipped with a rich library that includes text book, reference book and journals. Institute's faculty received research project grants worth over 1.22 crore in the year 2013-14, from various government agencies.

About Bilaspur

Bilaspur has a unique identity not only because of strong tribal cultural background but also for the production of high quality of rice and Kosa industry. Bilaspur city is approximately 400 years old and the name “Bilaspur” has been originated from the Fisher-woman named “Bilasa”.

INTRODUCTION

India is a treasure house of biodiversity in its various ecological condition, rich ethnic diversity and vast traditional knowledge base forming a Botanical Garden consisting of 16 Agro climatic zones and 45000 different plant species. More than 8000 species are used in about 10,000 herbal drug formulations. Among all the Indian states, Chhattisgarh is the paradise for herbs used in Ayush sector. More than 1525 medicinal valued plant species are available in Chhattisgarh and many of them are of greater medicinal importance. Still the knowledge regarding their authentication, scientific validity of the ethnomedical claims and toxic interactions is inadequate and needs further knowledge in full spectrum. There are large numbers of Vidyas and Baigas (About 880 Baigas have been registered) all over the Chhattisgarh State, most of them treat tribal people with the locally available medicinal plants. In view of its extremely rich and unique bio-cultural-diversity, the Government has resolved to develop Chhattisgarh as Herbal State. There have been several medicinal plants which are used by the local Vaidraj for the treatment of various diseases and many of them have neither been scientifically authenticated nor any systematic research been undertaken to validate the therapeutical potential of these plants. National Seminar on "Ethnomedicine and New Drug Discovery: Opportunities and Challenges" would provide a platform for the researchers, academicians, industrialists and traditional healers to come together for sharing their knowledge and experiences.

MAJOR OBJECTIVES

- To simulate scientific temperament among researchers and academicians by exchanging ideas, thoughts with the experts.
- Facilitate the dissemination of scientific knowledge among all delegates of the nation.
- Propagate the application of herbal drugs & their medicinal value.
- Enhance the academia-research interaction towards science sensitization.

PROGRAMME STRUCTURE

The Two days National Seminar will comprise few technical sessions where invited speakers will deliver their knowledge and experience on the specific themes of the seminar. In addition, the seminar will provide an excellent opportunity to deliver the ideas of researchers through poster presentation. The poster should be of 3x4 ft. size containing abstract, introduction, materials and methods, results and discussion, conclusion and references. Participants should submit their abstracts (250 words) to Scientific committee Co-coordinator on email - ipsggv.ns2015@gmail.com latest by 31st March 2015. There will be award of best poster for participants.

SPEAKERS

- **Dr. Pulok Mukherjee**, Director, School of Natural Studies, Jadavpur University, Kolkata.
- **Dr. G. V. R. Joseph**, Assistant Director (Botany) CCARS, Ministry of Ayus, New Delhi.
- **Dr. P. Das**, Ex Director, Regional Plant Research Center, Bhubaneswar.
- **Dr. S. N. Umathe**, Ex-Professor R.T.M. Nagpur University, Nagpur.
- **Shri Shirish Agrawal**, Indian Forest Services, Raipur (C.G.)
- **Dr. Umesh Patil**, Asso. Professor, Dr. Harisingh Gaur Vishwavidyalaya, Sagar.

SEMINAR COMMITTEE

- **Patron:**
Prof. S. P. Singh, Hon'ble Vice Chancellor
Guru Ghasidas Vishwavidyalaya, Bilaspur
- **Co-Patron**
Dr. H. N. Choubey, Registrar
Guru Ghasidas Vishwavidyalaya
Bilaspur
- **Advisor**
Dr. Jawahar Singh Dangi - 9827150112
- **Chief Co-ordinator**
Dr. Vinod D. Rangari - 9893939894
- **Co-ordinators**
Registration - Dr. K.P. Namdeo 9993197612
Scientific Committee - Dr. Dilipkumar Pal 7389263761
Printing & Publicity - Dr. Sanmati K. Jain 9993561993
Transport - Dr. Alpana Ram 9425223746
Accommodation - Dr. Sanjay Lanjhiyana 9826252991
Hospitality - Dr. Jagdish Singh 7587312673
Finance - Dr. S.H. Bodakhe 9926564718
Stage Management - Dr. Bharti Ahirwar 9425222614
Cultural Events - Dr. Pradeep Samal 9406157452

Poster categories

- Pharmacognosy and Phytochemistry
- Medicinal Chemistry
- Ethnopharmacology
- Herbal drug formulation and development
- Herbal drug standardization
- Herbal Cosmetics
- Biodiversity and conservation

INVITED LECTURES

- Herbal drug research.
- Herbal drug standardization
- Biodiversity and conservation
- IPR issues and collective biodiversity knowledge of indigenous medicinal plants.
- Documentation of traditional knowledge on medicinal plants.
- Indigenous herbal health care practices among the Baigas.

WORKSHOP & EXHIBITION

Workshop cum exhibition will be organized on herbal drugs, herbal drug formulation and tribal medicine with the participation and support of local Vaidyas and Baigas.

Dear Sir/Madam,

It is our privilege to inform you that S.L.T. Institute of Pharmaceutical Sciences, Guru Ghasidas Vishwavidyalaya, Bilaspur, is going to organize two days National Seminar on "Ethnomedicine and New Drug Discovery: Opportunities and Challenges", during 10-11 April, 2015.

The motto of our seminar is to promote and propagate research and development related to ethnomedicine and drug discovery. We welcome participants from Colleges, Universities, Academics and Industries around the nation.

The objective of this seminar is to provide a platform for students, professionals & researchers across the country to share an interest in various aspects of Ethnomedicine and Drug Discovery.

Registration fee shall be paid through Demand Draft only; it should be made in favour of "Chief Co-ordinator, National Seminar, GGV, Bilaspur" payable at Bilaspur. Registration form and DD shall be sent to Chief Co-ordinator, SLT Institute of Pharmaceutical Sciences, Guru Ghasidas Vishwavidyalaya, Bilaspur- 495009.

Thanking you in anticipation.

Organizing Committee
