

LIFE SCIENCE SKILL DEVELOPMENT TRAINING WORKSHOP

on

Carrier Opportunities in Microbial Technology

(Bio-fertilizers and Bio-pesticide)

22-24 February, 2016

Organized by

Skill Development Cell & School of Life Science

GURU GHASIDAS VISHWAVIDYALAYA,

Bilaspur (Chhattisgarh), India.

Venue

Guru Ghasidas Vishwavidyalaya

Bilaspur (Chhattisgarh)

About the workshop

Microbial technology are used as tools to produce antibiotics, vaccines fermented beverages, chemicals, sugar, proteins food and feed etc. Microbes are decomposers are most important components in food chain of any ecosystems. Some microbes are helpful in exploration of coal, oil, natural gas, minerals and metals from low grade ores, thus, are useful in bio-remediation. Microbes are also used as biofuels, biomass for the management of energy crisis.

There are plenty of opportunities in the exciting applied field of microbiology that is intrinsically linked physical and economical welfare of mankind.

Present workshop focused on to the development of carrier opportunities (Agri-entrepreneur) in the field of microbial technology (biofertilizers and biopesticides) Its intends to encourage discussion with experts on current knowledge, mass production, formulation, commercialization and registration of microbe based agriculture products.

The Life Sciences skill development Training Workshop on carrier opportunities in Microbial Technology is an intensive 3 day program strategically designed to provide participants with a comprehensive overview of core start-up carrier issues related to the life sciences and technology industries (biopesticide and biofertilizers). If the students have ever dreamed of creating own carrier in life science field that workshop may be useful for that students.

Organizing Committee

CHIEF PATRON

Prof. Anjila Gupta, Honorable, Vice Chancellor.
Guru Ghasidas Vishwavidyalaya, Bilaspur.

PATRON

Dr. Manish Srivastava, Registrar
Guru Ghasidas Vishwavidyalaya, Bilaspur

Dean, School of Life Science
Guru Ghasidas Vishwavidyalaya, Bilaspur.

CONVENER

Skill Development Cell
Guru Ghasidas Vishwavidyalaya, Bilaspur.

ORGANIZING SECRETARY & COURSE CO-ORDINATOR

Dr. Sushil K Shahi, Member, Skill Development Cell,
Department of Botany, Guru Ghasidas Vishwavidyalaya, Bilaspur.

Registration fee: 300/-from each

Target group: UG/PG students, Research Scholars, young researchers

Number of participants: 30

Submission of registration form latest by 18/02/2016 by 5 PM to Dr SK Shahi, Botany Department, GGV, Bilaspur.

Program schedules

22/02/2016	
01:00 PM-02:30 PM	Technical session I (E-class room, New IT Building)
02:30 PM-03:00 PM	Lunch Break
03:00 PM-05:30 PM	Practical session I (Botany Department)
23/02/2016	
10:00 PM-02:00 PM	Technical session II (E-class room, New IT Building)
02:00 PM-03:00 PM	Lunch Break
03:00 PM-05:30 PM	Practical session II (Botany Department)
24/02/2016	
10 AM- to onwards	Proposed field trip to Bio-control Laboratory, Bilaspur.
05 PM-06 PM	Valedictory function (E-classroom, IT building)
