Subject : Regarding quotation for soil exploration at various sites in the GGV campus.
Reference: EOI/Tender No:...../ Engg./ Adv./ GGV/ 13/ Bsp / Dated.....

Dear Sir,

I, the undersigned on behalf of the firm....., submit our lowest financial offer for conducting the bore log soil test and SPT for computing the SBC of the soil at various locations of the proposed constructions sites at the GGV campus, with below terms & conditions which are acceptable to the firm.

SN	Description	Rate (Rs.)	Remarks
1	Drilling through all types of rock (refusal strata / soft rock & hard rock) up to a specified depth using rotary drilling equipment including recovery of cores and provision of core boxes.		Maximum of Total 15 m. depth from ground level
2	Boring of 100 mm nominal dia bore hole through all types of soils upto refusal strata (N>100) including chiselling & maintaining of detailed boring record.		
3	Collection(including preservation & transportation to laboratory) of undisturbed tube samples from bore hole.		Test as per term 10 below
4	Conducting Standard Penetration Test (including preservation & transportation of sample collected from split spoon sampler) in the bore holes in all types of soils and soft rock upto 20% core recovery.		Items in S.N. 1 and 2 should be per RM cost and charged as per strata encountered during boring work.
5	Preparation and submission of report in on soil investigation work based on field test including recommendation for bearing capacity to be considered for design work.		
6	Shifting of equipment and setting out final positions of boreholes relative to base lines agreed with the Engineer and recording the ground level at each hole including setting up of boring rig equipment to the location of each boreholes and dismantling the same.		Will be given only once if quoted
7	Fee to cover cost of transportation of plant & personnel to & fro to GGV site & back, accommodation of supervisory staff, local transport, etc.		Lum Sum Will be given only once if quoted
8	Service Tax etc (if any) chargeable as extra		Please mention whether inclusive or chargeable as extra
9.	Any Other conditions (if any)		

Terms and Conditions: 1. Labor must be included in the above mentioned rates. 2. Each bore shall be bored at least up to 10 m or up to refusal/ 1 m in the rock. 3. The samples (UDS) are proposed to be collected as per BOQ. 4. Location of boring will be decided by the university at various sites/ locations. 5. No advance payment will be made to the firm. 6. Above quoted rate should include submission of report. 7. The final payment shall be made against the Invoice through bank after the delivery of reports. 8. Work if awarded must be carried out immediately at the desired site/location in the GGV campus 9. Kindly attach the previous work orders of govt. / PSU work carried out by your firm (if available) 10. Test of Natural Moist Content, Grain Size distribution, Atterberg's Limits, OMC-MDD, Tri-axial Test etc. as per IS code 11. Please attach the covering letter in the firm's letter head also. 12. Rate must be quoted in the above format only. 13 Sole responsibility of the labour & machinery engaged shall be of the firm only. 14 No. of site & location may increase or decrease. 15. All the rights reserved with GGV regarding the said work

Seal & Full Signature of the Firm
