

## Alumni Meet of the Department of Rural Technology

**Date:** March 8, 2025

The **Department of Rural Technology and Social Development** at **Guru Ghasidas Vishwavidyalaya** successfully organized an **Alumni Meet** on **March 8, 2025**. The event witnessed the presence of esteemed faculty members, alumni, and students, fostering a meaningful discussion on the role of alumni in the department's growth.

The meet was attended by **Dr. Anupam Tiwari, Dr. Mayank Pandey, Dr. Piyush Shukla, and Madhumala Ma'am**, along with **30 alumni members**. The gathering provided a platform for former students to reconnect with their peers and professors while sharing their professional experiences. The discussion primarily focused on strengthening alumni engagement and utilizing their expertise for the department's development.

During the interaction, faculty members emphasized the importance of alumni in **mentoring current students**, providing industry insights, and facilitating career opportunities. The attendees explored ways to **establish a formal alumni network**, which would help in

organizing workshops, guest lectures, and collaborative research projects. Several alumni expressed their willingness to contribute through knowledge-sharing sessions and industry linkages.

Another key discussion point was the **future development of the department**, including curriculum enhancement, skill-based training, and infrastructure improvements. The alumni provided valuable suggestions on **incorporating emerging rural technologies, entrepreneurship opportunities, and community-based projects** to align with contemporary industry demands.

The event concluded on a positive note, with a mutual agreement to **hold regular alumni interactions** and establish a structured alumni association. The department expressed its gratitude to the attendees for their participation and assured continued efforts toward strengthening alumni relations.

The **Alumni Meet 2025** served as a successful initiative to bridge the gap between past and present students, reinforcing a collaborative vision for the department's progress.
