Certificate of Supervisor

This is to certify that the work incorporated in the project “**Effect of PCM (phase change Material) and Nanoparticles on the Performance of Solar Evacuated tube collector**” is a record of work carried out by **Pranshu soni, Raushan Kumar ,Manish Kumar, and Abhishek Kumar** bearing Enrollment No. *GGV/21/01745, GGV/21/01749, GGV/21/01732, and GGV/21/01704* respectively, under my guidance and supervision at the Department of Mechanical Engineering, Guru Ghasidas Vishwavidyalaya (A Central University) Bilaspur, (C.G) India. The Information provided above is correct to the best of my knowledge and belief.

- Embodies the work of the candidate.
- Has duly been completed.
- Is up to the desired standard both in respect of contents and language for being referred to the examiners.

Manish Bhaskar

Assistant Professor
Department of Mechanical Engineering
School of Studies of Engineering &
Technology
(A Central University), Bilaspur, (C.G)

ACKNOWLEDGMENT:

We are profoundly grateful to all the individuals whose guidance, support, and encouragement made this project, "**Effect of PCM (phase change Material) and Nanoparticles on the Performance of Solar Evacuated tube collector**" possible. Completing this work presented numerous challenges, but it has been a truly rewarding and enriching experience due to the invaluable contributions of so many.

First and foremost, we would like to express our heartfelt gratitude to our supervisor, **Manish Bhaskar Sir** for his exceptional mentorship and insightful suggestions throughout this project. His unwavering support and deep knowledge provided us with the clarity and confidence needed to overcome obstacles and stay on the right path.

We are also deeply thankful to our Head of the Department, **Prof. S.P Anbhudayasankar Sir** and all the esteemed faculty members of the **Department of Mechanical Engineering, School of Studies of Engineering and Technology, Guru Ghasidas Vishwavidyalaya**, for their constant encouragement and constructive feedback during the various phases of this work. Their technical expertise and kind assistance have been instrumental in shaping the outcomes of this project.

We also want to express our appreciation to our friends and peers for their collaboration and moral support during the process. Their readiness to help and impart knowledge fostered a cooperative environment that significantly enhanced our educational process.

Last but not least, we owe a debt of gratitude to our families, whose unwavering faith and encouragement gave us the courage and inspiration to face difficulties head-on. We are truly grateful to everyone who helped us complete this project successfully, since it is a testimonial to our combined efforts and the advice we have received.
